

Tony Storck

Tony Storck was recently promoted to the position of Deputy of the Office of Marketing and Air Service Development at BWI Airport. In his position, he directs BWI's efforts to attract new air service for the Airport and is serving on the Steering Group of the ACI-NA US International Air Service Program for 2005.

He also is in charge of an interdepartmental committee within BWI, which is responsible for reviewing expressions of interest BWI from new entrant and incumbent airlines interested in providing new or additional air service. The Committee reviews gate assignments, gate utilization, airline subleasing activities and plans for terminal expansion or configuration.

Within the past year, the committee has worked closely with several new carriers to ensure that they have the proper facilities and lease arrangements necessary to begin services. In addition, the Committee has interacted with virtually all of the incumbent carriers to ensure that their current and future operating needs are being met.

Tony is also responsible for the airport's publications, such as its Terminal Map and Guide and Flight Guide. Previously, Tony had served in several other positions at BWI including Manager of Air Service Development and Manager of Community Relations. He began his career with MAA in 1987. He holds a Bachelors of Art degree from Towson University and is fluent in German.
